

CONTEST RULES: AMC ART PRIZE 2026 – DIGITAL RENAISSANCE

1. OBJECTIVE & THEME

The AMC Art Prize 2026 aims to reward excellence in digital art and innovation within the Art-Fi (Art & Decentralized Finance) ecosystem. The theme is free, focusing on the concept of "*Digital Renaissance*": the convergence of artistic aesthetics and blockchain technology.

2. PARTICIPANTS

The contest is open to artists worldwide over the age of 18. Artworks must be original, unreleased, and submitted in digital format (NFT). Each artist may submit a maximum of 3 artworks.

3. DETAILED REGISTRATION METHOD (LIQUID SUBSCRIPTION)

To eliminate traditional banking barriers and strengthen the project, registration is completed by providing liquidity. This capital is not a non-refundable fee; it is a deposit that generates daily yields for the artist.

- Registration Fee: 30 USD (equivalent in ETH/AMC).
- Payment Mechanism: The artist must deposit this amount as liquidity into the official AMC/ETH pool on Uniswap V4. The capital remains the property of the artist and generates daily AMC\$ rewards via Merkl.
- Security: General treasury funds are safely guarded under the AMC Safe Vault protocol (0xB3313a655b4c01abE5A46faDbB7855952863633A).
- Validation and Form: After adding liquidity using the official Uniswap button on the website, the artist must complete the registration form, attaching the TxID (Transaction Hash) as proof of their active participation in the pool.

4. OFFICIAL TIMELINE

- Registration opens: February 1, 2026.
- Registration deadline: November 30, 2026.
- Jury's verdict announcement: December 15, 2026.
- Prize distribution & incentive unlocking: Starting December 20, 2026.

5. PRIZES AND REWARDS (72,000 AMC\$ TOTAL POOL)

A prize pool denominated in AMC\$ tokens is established as follows:

- 1st Prize: 30,000 AMC\$ + Featured Exhibition.
- 2nd Prize: 20,000 AMC\$.
- 3rd Prize: 10,000 AMC\$.
- Runner-up Prizes / Accésits (x4): 3,000 AMC\$ each.
- Welcome Bonus: The first 100 artists to register and join the official channels will receive an automatic 100 AMC\$ bonus after validating their subscription.

6. VESTING MECHANICS (VALUE PROTECTION)

To ensure the stability of the liquidity pool and protect the token's value for all participants, major prizes will be distributed on a vested schedule:

- Runner-up Prizes (Accésits): 100% paid on December 20, 2026.
- 1st Prize: 40% (December 2026), 30% (January 2027), 30% (February 2027).
- 2nd & 3rd Prizes: 50% (December 2026), 50% (January 2027).
- Merkl Incentives: Accumulated daily rewards from the registration liquidity will become available for claim on December 20, 2026.

7. EXHIBITION, SALES, AND SECONDARY MARKET (ROYALTIES)

Selected artworks will be permanently displayed in the Official AMC Gallery. Following the verdict, a dedicated sovereign Smart Contract will be deployed for sales or auctions with an automated, immutable split:

- 90% Royalties to the Artist: On primary sales and all secondary marketplace volume.
- 10% Re-injection into the AMC Liquidity Pool: Every resale strengthens the ecosystem and boosts the community's global currency value.

8. SUBSCRIPTION WITHDRAWAL & CONDITIONS

The artist retains ownership of their 30 USD deposited in the pool. They may withdraw their liquidity and accumulated Merkl rewards starting December 20, 2026. If a participant removes their funds from the pool prior to the jury's verdict (December 15, 2026), their registration will be automatically voided, forfeiting all rights to prizes and accumulated incentives.

9. GOVERNANCE AND COMMUNITY VOTING ("THE TEMPERING OF THE ART")

- Holder Participation: The selection process will feature a community voting phase hosted on the decentralized governance platform Snapshot.
- Voting Power: AMC\$ token holders will be eligible to vote. The system will automatically count tokens held in private wallets as well as tokens actively providing liquidity within the Uniswap V4 pool.
- Gas-Free Voting: Holders will cast votes via digital signature. The process is 100% free, requiring no network transaction fees (*gas fees*).
- Custody: Tokens never leave the voter's wallet nor are they locked, ensuring total asset custody at all times.
- Impact: The community's choice will directly influence the allocation of the Runner-up Prizes (Accésits) and special mentions.
